

TREE REMOVAL PERMIT APPLICATION

Tree Removal Permits are issued by the Cherry Hill Department of Public Works (DPW) during regular working hours. DPW, by law, can issue permits for the removal of three (3) trees or less in any twelve month period. If a tree, beyond the permitted 3-limit is declared a hazard by a DPW Official, the hazardous tree may be removed without violating the Ordinance 2002-15. Any tree in excess of fifteen (15") inches in circumference measured on the tree at a height of twelve (12") inches is subject to Tree Removal Permits (21-4.2). Any tree less than the fifteen (15") inches in circumference does not require a tree removal permit. Permits to remove trees are required for healthy, diseased or dead trees. Simply stated, a Tree Removal Permit is required, by law, for any tree larger than fifteen (15") inches in circumference. All debris must be removed by contractor. For more than three (3) healthy trees to be removed, a Tree Removal Application (available at www.cherryhill-nj.com) must be submitted and approved by the Township Planning Board. Tree Removal Permits cannot be issued for more than three (3) healthy trees, without Planning Board approval. (21-4.4E).

PERMITS MUST BE APPROVED, SIGNED AND ON SITE BEFORE WORK MAY BE STARTED.
